### Student Section: Interview with Jo

Q1: What will you miss about working at Great Oaks College?

What will I miss most is a very difficult question to answer, I will miss all the times that I have had the opportunity to see or hear about the progress that a student has made with something they have found difficult, but I will also miss the farm and all the animals, working with a fantastic and hard working staff team and all the joy and fun there is day to day.

 farm animals, the fantastic staff and especially the joy and fun of everyday.

Q2: What is your favourite memory of being here?

There are lots of favourite memories but some of my favourites are, the Coronation day party and all the fun everyone had, all the times we have the cafe open and seeing students interact with customers, and the same for the shop. A few years ago we had a joint Rosewood and Great Oaks leavers prom for the year 14 leavers, we had a brilliant time and I enjoyed seeing the two schools socialising together. And I had a great time at Paulton's this year.

I have lots of great memories! Coronation celebration, cafe and

shop openings, joint leavers prom with Rosewood, and Paulton's visits.

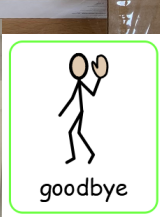

Q3: What are you most proud of from your time working at the college?

I am really proud of the amazing curriculum and opportunities our students have. I am also really proud when a student leaves Great Oaks, ready to be an adult with the skills they need to do this.

I am really proud of the amazing curriculum and opportunities our students have.

I am very proud when students leave us with the skills they need to be adults.

**Our busy College week!**

Bake off, picnic, leavers assembly, transition day, sports day, healthy café and saying lots of goodbyes.
