Creative Problem Solving skills

Jo's Corner

Hello everyone

What an awesome night the Year 14 leavers and staff had at the Edge on Tuesday! A great venue for such a great group of young people, who danced the night away after eating way too much pizza. Thank you to all the staff that volunteered to come and support the students and also danced the night away.

Massive thanks to all the staff and students for making our day today at Paultons such a special event. Everyone had a great time.

Have a restful weekend, Jo

Skills Builder Challenge

AIMING HIGH

Practise mindfulness during a regular journey.

Think about a journey that you make quite regularly, for example the walk or ride to school or home or to a club you go to. How much attention do you pay to the details of the journey? Try to draw or write down every step of the journey.

Next time you do this journey, check what you have remembered. How much attention did you pay to the smaller details, did you remember colours or writings on signs?

Next time you are carrying out a task, stop and think about any details you may need to pay attention to. What difference will taking the time to do this have on how you complete your task?

Some of our leavers had a great evening of pizza at college then nightclubbing!
