### Self-management skills

#### Kate's Corner

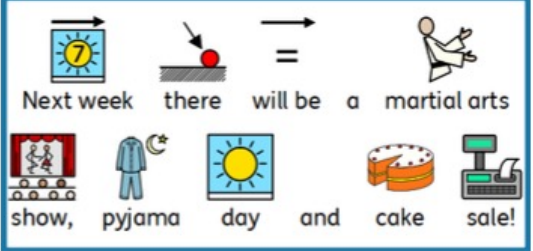

Good afternoon everyone,

A great week at College where I have been lucky to of been made some delicious Spaghetti carbonara and enjoyed a cup of tea with a couple of classes! We have also seen the opening of our tuck shop two days a week which has been a success.

As we look to next week, we have a week full of activities! On Monday we have a display from a local Shaolin Kung Fu and Tai Chi Master as part of Chinese New Year. It is also school wide charity week, so Thursday will be a 'come to college in your pyjama's day' for a donation and on Friday we will be having a cake sale. All proceeds from these events will go towards Save the Children.

Have a great weekend, Kate

### Diary Dates

Thursday 8<sup>th</sup> February  
Wear pyjamas to College fundraising day

Friday 9<sup>th</sup> February  
Cake Sale

A16 went to Reach Social Enterprises this morning to find out what their service was all about. Staff at Reach Social Enterprises made us very welcome and organised three great activities for us to try. We chose between woodwork, card making and cooking and made some lovely items to take away with us. Reach Social Enterprise make items to sell, and these can be viewed on their website and Facebook page.

F16 have had a good week. We have enjoyed making cupcakes as a class, and then sharing them with our friends in D16. Students placed their orders and F16 were happy to help make them. We also enjoyed a trip to Tesco to where we used a shopping list to find ingredients for our cakes for the bake-off next week! This was followed by a trip to the park where we all enjoyed exploring.

**Skills Builder Challenge**

**Design a new warm winter coat.**

Winter is the coldest time of the year. Design a new coat/jacket that could keep anyone warm no matter how cold it gets.

What will the coat look like? What specifically will keep people warm? Could it use technology in some way? How will it be different to a regular winter coat?

**Extension:** Think about who would most benefit from your newly designed coat.

 M16 have been making their own drinks and snacks.

I am making myself a cup of tea with milk.  
Aliazghar

I like being independent.  
Kevin

I've made a drink for my friend. Lucy

In woodwork, D16 have been making bird boxes with Tom. We are learning to follow instructions and behave safely and appropriately in a workplace. Also, Vicky enjoyed using the musical instruments at the park this week.
